Call for Research & Innovation Papers

SEMANTiCS 2015
Transfer // Engineering // Community

11th International Conference on Semantic Systems
Vienna, Austria September 15-17, 2015
http://www.semantics.cc

Important Dates (Research & Innovation)

- **Abstract Submission Deadline:** May 22, 2015
  extended: June 5, 2015 (11:59 pm, Hawaii time)
- **Paper Submission Deadline:** May 29, 2015
  extended: June 12, 2015 (11:59 pm, Hawaii time)
- **Notification of Acceptance:** July 20, 2015
- **Camera-Ready Paper:** July 31, 2015

SEMANTiCS proceedings will be published by ACM ICP.

**Submissions via EasyChair:** [https://easychair.org/conferences/?conf=semantics2015research](https://easychair.org/conferences/?conf=semantics2015research)

The calls for “Industry & Use Case Presentations” and “Posters and Demos” at SEMANTiCS 2015 can be found here: [http://www.semantics.cc/](http://www.semantics.cc/)

---

The annual SEMANTiCS conference is the meeting place for professionals who make semantic computing work, who understand its benefits and encounter its limitations. Every year, SEMANTiCS attracts information managers, IT-architects, software engineers and researchers from organisations ranging from NPOs, through public administrations to the largest companies in the world. Attendees learn from industry experts and top researchers about emerging trends and topics in the fields of semantic software, enterprise data, linked data & open data strategies, methodologies in knowledge modelling and text & data analytics. The SEMANTiCS community is highly diverse; attendees have responsibilities in interlinking areas like knowledge management, technical documentation, e-commerce, big data analytics, enterprise search, document management, business intelligence and enterprise vocabulary management.

The success of last year’s conference in Leipzig with more than 230 attendees from 22 countries proves that SEMANTiCS 2015 will continue a long tradition of bringing together colleagues from around the world. There will be presentations on industry implementations, use case prototypes, best practices, panels, papers and posters to discuss semantic systems in birds-of-a-feather sessions as well as informal settings. SEMANTiCS addresses problems common among information managers, software engineers, IT-architects and various specialist departments working to develop, implement and/or evaluate semantic software systems.

The SEMANTiCS program is a rich mix of technical talks, panel discussions of important topics and presentations by people who make things work - just like you. In addition, attendees can network with experts in a variety of fields. These relationships provide great value to organisations as they encounter subtle technical issues in any stage of implementation. The expertise gained by SEMANTiCS attendees has a long-term impact on their careers and organisations. These factors make SEMANTiCS for our community the major industry related event across Europe.

The following ‘horizontals’ (research) and ‘verticals’ (industries) topics are of interest:

- Business Models, Governance & Data Strategies
- Knowledge Discovery & Intelligent Search
Research / Innovation Papers

The Research & Innovation track at SEMANTICS welcomes the submission of papers on novel scientific research and/or innovations relevant to the topics of the conference. Submissions must be original and must not have been submitted for publication elsewhere. The Research & Innovation track at SEMANTICS is a single-blind review process (author names are visible to reviewers, reviewers stay anonymous). The submitted abstract and the topics are leveraged to find adequate reviewers for submitted papers. Please write an email to semantics2015researchtrack@easychair.org, if you have any questions.

Papers should follow the ACM ICPS guidelines for formatting and must not exceed 8 pages in length for full papers and 4 pages for short papers, including references and optional appendices. The layout templates can be found here: http://www.acm.org/sigs/publications/proceedings-templates All accepted full papers and short papers will be published in the digital library of the ACM ICP Series under the ISBN-No.: 978-1-4503-1972-0. Research & Innovation papers should be submitted through EasyChair at: https://easychair.org/conferences/?conf=semantics2015research. Papers must be submitted in PDF (Adobe's Portable Document Format) format. Other formats will not be accepted. For the camera-ready version, the source files (LaTeX, Word Perfect, Word) will also be needed.

Important Dates (Research & Innovation)

- **Abstract Submission Deadline:** June 5, 2015 (11:59 pm, Hawaii time)
- **Paper Submission Deadline:** June 12, 2015 (11:59 pm, Hawaii time)
- **Notification of Acceptance:** July 20, 2015
- **Camera-Ready Paper:** July 31, 2015

Research and Innovation Chairs:
Sebastian Hellmann, AKSW, Universität Leipzig
Josiane Xavier Parreira, Siemens AG Österreich
Contact address: semantics2015researchtrack@easychair.org

Programme Committee:

- Alessandro Adamou, Knowledge Media Institute, The Open University
- Guadalupe Aguado-De-Cea, Universidad Politécnica de Madrid
- Albin Ahmeti, Vienna University of Economy and Business (WU)
- Jose María Álvarez Rodríguez, Carlos III University of Madrid
- Ciro Baron, University of Leipzig
- Stefan Bischof, Siemens AG Österreich
- Charalampos Bratsas, Aristotle University of Thessaloniki
- Martin Brümmer, Universität Leipzig
• Leo Obrst, MITRE
• Vito Claudio Ostuni, Politecnico di Bari
• Viviana Patti, Università di Torino
• Heiko Paulheim, University of Mannheim
• Silvio Peroni, University of Bologna and ISTC-CNR
• Achim Rettinger, Karlsruhe Institute of Technology
• Giuseppe Rizzo, EURECOM
• Marco Rospocher, Fondazione Bruno Kessler
• Matthew Rowe, Lancaster University
• Eugen Ruppert, FG Language Technology, TU Darmstadt
• Marta Sabou, MODUL University Vienna
• Muhammad Saleem, AKSW
• Felix Sasaki, W3C
• Vadim Savenkov, Vienna University of Economy and Business (WU)
• Bernhard Schandl, mySugr GmbH
• Patrik Schneider, Vienna University of Economy and Business (WU)
• Pavel Shvaiko, Informatica Trentina
• Elena Simperl, University of Southampton
• Nadine Steinmetz, Hasso Plattner Institute for Software Systems Engineering
• Holger Stenzhorn, Saarland University Hospital
• Simon Steyskal, Siemens AG Österreich
• Mari Carmen Suárez-Figueroa, Universidad Politécnica de Madrid
• Vojtěch Svátek, University of Economics, Prague
• Alexandru Todor, AG Corporate Semantic Web
• Robert Tolksdorf, Networked Information Systems, Freie Universität Berlin
• Jürgen Umbrich, Vienna University of Economy and Business (WU)
• Ricardo Usbeck, University of Leipzig
• Pierre-Yves Vandenbussche, Fujitsu Laboratories
• Ruben Verborgh, Ghent University – iMinds
• Maria Esther Vidal, Universidad Simon Bolivar
• Boris Villazón-Terrazas, iSOCO, Intelligent Software Components
• Krzysztof Wecel, Poznan University of Economics
• Katrin Weller, GESIS Leibniz Institute for the Social Sciences
• Rupert Westenthaler, Salzburg Research
• Patrick Westphal Universität Leipzig
• Wolfram Wöß, Institute for Application Oriented Knowledge Processing, Johannes Kepler University Linz
• Eva Zangerle, University of Innsbruck

SEMANTiCS 2015 Organisation Committee:
• Axel Polleres, Conference Chair
• Tassilo Pellegrini, Conference Chair
• Christian Dirschl, Industry Chair
• Sebastian Hellmann, Research & Innovation Chair
• Josiane Xavier Parreira, Research & Innovation Chair
• Agata Filipowska, Poster and Demo Chair
• Ruben Verborgh, Poster and Demo Chair
• Anna Fensel, Workshop Chair
